I was having problems with my comp. but being it had a virus I couldn't use it so I found this freeware. Highly recommended if you want a very intuitive interface with a couple of great features. I have used this free program for more than a year and found it is

---

the best for me. If you are looking for a simple, easy to use program for your desktop needs this may be the one for you. Stuff Organizer Windows XP Download Free is a powerful file-/folder-organizer program with intuitive user interface. It allows you to quickly create categories for your files, quickly search files/folders and retrieve them in a simple way. With this free version you can have a look at the program before you purchase the full version. This freeware supports multiple file/folder types. The program displays the icons of the files/folders on the desktop in a nice way. You can filter them by "Type" (like folder or file) and "Extension" (e.g. ".jpg", ".txt", ".mp3") and you can even filter the files by their "Size" (if you have a bigger harddisk/flash drive, it is always better to sort smaller files first to increase the speed of the search). It is very easy to create new categories. You can select a color and an icon for each. When finished, you can add new
