Download

If you are looking for a perfect, yet comprehensive, solution that will help you to meet all your cleaning needs, Cleaning Service for Workgroup Torrent Download should be your next stop. Despite its basic look and feel, it actually hides a large variety of options. The program supports you to track everything you have to do with clients and cleaners, including schedule conflicts. The main window also provides a calendar that will help you view any event on any

specific day, week, month, or year. In addition to this, Cleaning Service for Workgroup provides an interface that can be quite easy to understand for any cleaning technician, even for those who are not computer literate. For your convenience, the program provides you with various ways to sort and organize the data, depending on your personal preferences. Moreover, the Cleaning Service for Workgroup interface offers you the ability to save reports in your PC in multiple file formats, including those tailored for Excel. In order to help you get your job done smoothly, the

program also provides you with a list of workers that you can add to your company's list, as well as change the avatar for every worker and assign each a color tag. What's more, Cleaning Service for Workgroup can calculate all fees in advance and establish reminders, so that you never forget to charge your customers or forget to remind them that they need to pay for the next cleaning. You will find that Cleaning Service for Workgroup provides you with an immense number of useful features and tools, so that you will be able to meet all your cleaning needs

with ease. Cleaning Service for Workgroup Main Features: •

- Manages your cleaning crew •
- Lists all your cleaning schedules and events •
