Nakismen (Questions and Answers)

- What is the role of the Warriors? You will encounter Warriors who have come to the Elden Ring's aid, and they have made it their life's work to fight at your side on the battlefield.
- What is the meaning of "Waverous Journey"? There is much about the Lands Between that is unknown to you. Every journey that you make with Alice and her horse Waroc can lead you on a "waverous journey" across the Lands Between.
- Will I ever meet

DJ KORAKO, PlayStation.Blog "A new RPG with lots of new features and refinements to a tried and true formula." "One of the best RPG games of the year." CARMINE PERAGI, IGN.de "The campaign is filled with great characters and events, the map is big and epic. This is the essence of a good RPG." "If you want to play a game that wants to take your time and to give you a fantastic gameplay experience, please enjoy this title!" TOM ZAHN, PlayStation.Blog "It's a game that I'm definitely going to want to play a lot." "There is a wealth of feedback, though not as consistently as I like, but a lot of good ideas that have worked well in the past." YOSHITAKA AMEMI, IGN.de "This is the type of game that should be on a lot of people's radar, and I would recommend it to RPG fans and those who want to try something different." DEVIN NICHOLS, PlayStation.Blog "The soundtrack is definitely worthy of the praise it has been given." "The story is engaging, there is a lot of content, and the single-player is what sets this title apart from the rest." INFAMOUS PIGMENT, PlayStation.Blog "By far the best RPG of the generation. If you don't believe me, check out the game yourself." "For anyone who is looking for a new, large adventure that has much depth, I can't recommend it enough." LINDSAY REYNOLDS, IGN.com "It's a large, expansive game which is decidedly ambitious; filled with a cast of immensely charming, bawdy characters, and packing an already-impressive soundtrack. The Saints may have finally taken home the crown." STEVEN P. AUSBURY, BUNCH OF SPIELRECHEN "I would gladly recommend this game to any RPG fan, and personally bff6bb2d33

What's new:

by Zach at 10:56 PM on June 5, 2012 Calling it the Loosely Connected Online Element of the Game is a fun bit to add, even if it does get a bit corny at times. What piques my interest the most here are the sentences that continue with colorful descriptors that I'm sure most of you caught through the foliage of the Rewind+ comments. Take that away and I'm not so sure this is worth the $40, you have to admit though, it certainly is a colorful way to go. With such a strong game design based around moving around various world pieces, I imagine that this will be your bread and butter from the outset. And though not entirely a bad thing, it will be a bit of a slog since you will have to aimlessly squelch about like rats until you find something to make you happy. Then you can be happy for awhile, if such a thing is possible within this game. If it was indeed possible, I can imagine it would certainly be timeless, nay immortal. And the NPC voice acting had me feeling such a lonely thing as I tossed my sword around, striking stone without any soul to appreciate my raw strength. Though the manual was a weird brown affair, where the movies were a singular burnt orange with a bold black background. Though, the tome was packed well with information and the manual had the full details of the game and its cinematic, making me excited for the release. Hopefully they made good use of their time prepping the tome, because I know there is a lot more they could have done for this one. If they are doing their job right, then even the consumer manual will be near duplicates of the game's tome. Here is another road and weather backup in which you'll need to stay tuned, to know when this game is out and your live in the new world. This time however, you can skip the territory and avoid the mountain terrain to trigger closer to the town of Edorfondos. You can also try the road that passes straight through the mountains to reach the town, or even access the town via the broken down tower tower. Neither of which are the most exciting way to get there. I would have been happier finding that again, but then again, as I was talking with HOF, he pointed out that they are all actually
