I agree. Matoi deserves more characters to be hers. This is cute. Nino is indeed a giant and I love how large they look, especially with the cape, and just that you emphasize on how powerful and unique they are. I like the details on the armor, and the grass blowing in the wind really sets it off too. The background is really fun as it'd always be cute to see little kids running around with their colorful clothes. This is so cute and I'm glad that you continue to work on it despite the fact that you're probably tired of it. I love the fact that they have small tails running behind them. It's funny to see them wonder what's going on.
